PROFESSIONAL SUMMARY

International security and policy analyst with an M.A. in International Relations (International Security & War Studies) from King's College London (Distinction) and a Summa Cum Laude B.A. from Syracuse University's Maxwell School. Experienced in geopolitical risk analysis, intelligence briefing, and open-source research, with a track record of synthesizing complex qualitative and quantitative information into clear, decision-relevant analysis for demanding professional audiences.

PROFESSIONAL EXPERIENCE

King's College London

Sept 2024 – Aug 2025

Research Analyst — International Relations & Security - London, UK

- Monitored global and regional security developments, geopolitical risks, and conflict dynamics, producing intelligence briefs and analytical reports used in departmental and external policy recommendations.
- Conducted strategic and tactical analysis on international security issues, synthesizing large volumes of qualitative and open-source data into clear, accurate, and actionable intelligence outputs for demanding professional audiences.
- Built and applied a hybrid analytical model integrating structural theory with quantitative forecasting to predict systemic political breakdown and crisis escalation, the basis of a Distinction-graded dissertation.
- Managed multi-stakeholder communication pipelines across research units and external contributors, ensuring timely and accurate dissemination of intelligence findings against strict deadlines.

Fred's

Sept 2025 – Present

Server - New York, New York

- Sustained full-time employment in a high-tempo, client-facing environment while conducting a structured, full-time search for roles in geopolitical risk, intelligence, and policy analysis.

ADDITIONAL EXPERIENCE

- Campaign Coordinator, Community & Policy Engagement (Aug 2015 – Nov 2019), Syracuse, NY — Conducted qualitative research and audience analysis to inform messaging strategy; tracked operational data and produced written performance reports.
- Server, Cook & Host, XO Taco (Nov 2021 – Aug 2024), Syracuse, NY — Demonstrated organizational skills and sound judgment in a high-tempo, deadline-driven environment while completing undergraduate studies.

EDUCATION

King's College London

Aug 2025

Master of Arts, International Relations (International Security & War Studies) - London, UK

- Dissertation graded with Distinction — developed a hybrid analytical model integrating structural theory with quantitative forecasting tools to predict systemic political breakdown and crisis escalation.
- Coursework concentrated in geopolitical risk, conflict analysis, international security, threat assessment, and strategic forecasting across global regions.

Syracuse University — Maxwell School of Citizenship and Public Affairs

May 2024

Bachelor of Arts, International Relations - Syracuse, NY

- Major GPA: 3.8 | *Summa Cum Laude* | *Chancellor's Scholarship* | *Say Yes to Education Scholarship* | *Dean's List*
- Capstone: Analyzed cross-national investment and public opinion datasets across 37 countries using quantitative methods and open-source data synthesis to produce evidence-based geopolitical risk conclusions.
